- MySQL

EDUCATION

Polytechnic University of the State of Durango
Software Engineering

Durango State High School
Programming

LANGUAGE

English – B1

ABOUT ME

I am a software engineering student looking for an opportunity to access the labor market and put into practice my acquired knowledge, so I can increase my professional experience in the technological field.

I define myself as a person focused on what is proposed, curious to keep learning more and more and a perfectionist when it comes to carry out any development project. Likewise, I have the ability to work in a flexible team, helping with the control and resolution of complex problems.

I am very motivated by new challenges!

WORK EXPERIENCES

G-Tech
Sep 2022 - Dec 2022

Development of an automated laboratory analysis platform for a regional client, applying new functionalities to the "Reagents" section, applying high precision formulas for data processing.

`Jupyter` `VueJS` `Serverless` `GraphQL`
`NuxtJS` `Sequelize` `ExpressJS` `Tailwind CSS`

EscolaresMX
May 2022 - Aug 2022

Development and implementation of improvement of the "Constancias de Estudio" section of the web page escolaresmx.com

`JavaScript` `JSON` `PDFMake` `TinyMCE`

CERTIFICATE
